G[®]-ERGO vario

Optional with smart or quick grip: **Light as a feather and ergonomic work!**

ADVANTAGES:

- The spring force can be easily adjusted by the user to their own needs
- Spring base does not tilt even when loaded from one side
- Constant loading and unloading height even with goods of different weights to be transported
- Handle for ergonomic work
- Made of anodised aluminum – light, strong and abrasion resistant

EASY HANDLING:

- Quick grip, the handle protrudes approx. 250 mm horizontally over the edge of the trolley – for safe, ergonomic and quick pushing
- Smart grip, handle within the edge of the trolley – space-saving and gentle on the wall
- Unassembled handle reduces freight costs. Easy attachment by pre-drilling on the trolley, fastening material included

Technical data

Model number	Wheel arrangement	Dimensions L x W x H (approx. mm)		Volume (approx. l)	Wheel -Ø (mm)	Spring force (approx. kg)	Load capacity (approx. kg)	Weight (approx. kg)	Order no.
